The screenshot shows the Launchpad Translations website. At the top, there's a navigation bar with 'Launchpad' on the left and 'Overview', 'Join Launchpad', and 'Take a tour' on the right. Below this, there are links for 'Translations overview', 'Translations tour', 'Translations FAQs', and 'Contact us'. The main heading is 'Translations' with a sub-heading 'Overview'. A large blue text block says 'Cut the time it takes to translate your software'. Below this, there are four columns of content:

- Translations for everyone:** A list of languages with progress bars: English (United Kingdom), French, Spanish, Portuguese (Brazil), German, Swedish, Italian, Russian, Japanese, Polish, Hungarian, Dutch, and Danish.
- Intelligent suggestions:** A snippet showing a translation interface for 'English' to 'Spanish' with fields for 'Current Spanish', 'Translated by', 'Reviewed by', 'Suggestions', 'Coming from', and 'New translation'.
- Works with GetText:** A section titled 'PO file export' with a 'Format' dropdown set to 'PO format' and a 'Confirm Export' button.
- Uniquely flexible:** A 'Translation file details' panel for 'Spanish' showing 'Creator: Laszlo Pandy', 'For: trunk', 'Translation policy: Open', 'Plural forms: 2', 'Plural expression: n != 1', and 'Template description: Strings frozen for 0.9 release on March 14th.'

Below each column is a short descriptive paragraph:

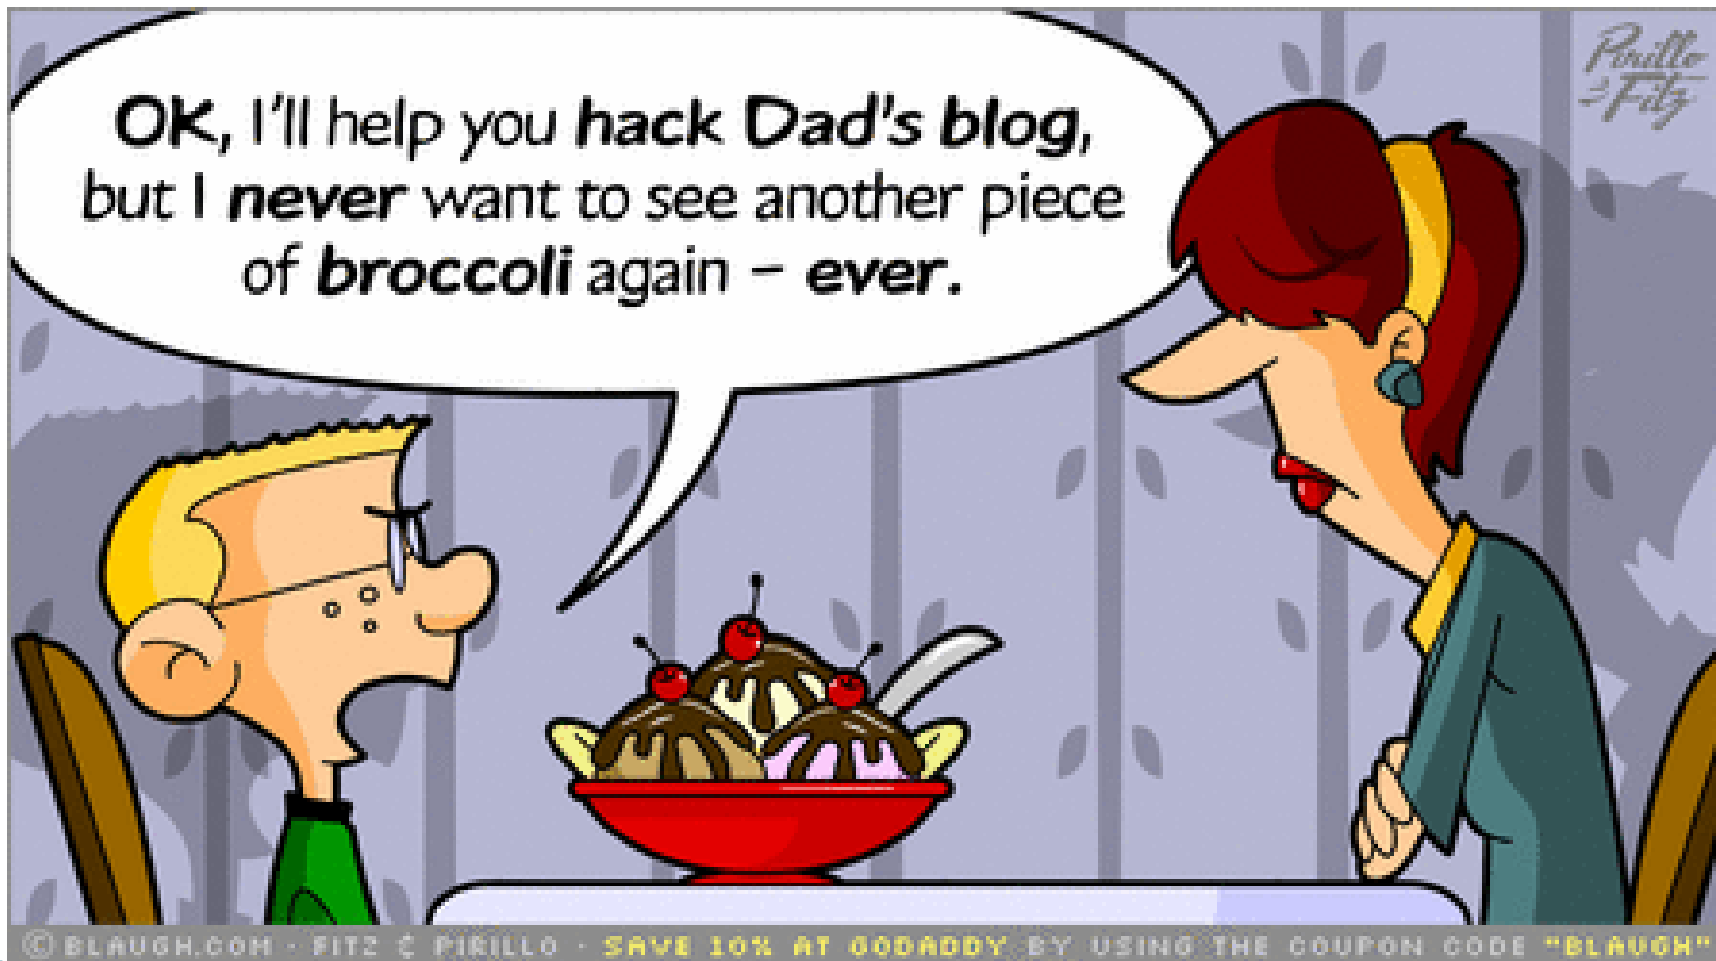

- Translations for everyone:** Launchpad simplifies software translation, making it easy for anyone to translate into their language.
- Intelligent suggestions:** Automatic suggestions from 750,000 translated strings.
- Works with GetText:** Import .pot template files and export .po and .mo files of your translations.
- Uniquely flexible:** Maintain independent translation efforts for different releases and choose open, moderated or closed translation.

MS Office Live small business

The screenshot shows the Microsoft Office Live Small Business website. At the top left is the Microsoft Office Live Small Business logo. To its right is a search bar with a dropdown menu set to "The Web" and a search icon. Further right, the text "don st" and "1-stoptranslation.Building.officelive.co" is visible, along with a "Sign C" link. On the left side, there is a vertical navigation menu with the following items: Home (highlighted), E-Mail, Contact Manager, Web Site, Sell Online, Promote Your Business, Business Applications, Reports, Partner Directory, and Resource Center. Below the menu is a section for "Office Live Workspace" with a "Get it now for FREE" button. The main content area is titled "Get started with Microsoft Office Live Small Business" and contains the text: "Everything you need to promote and manage your business online—Web site, e-mail, online collaboration, sales and marketing tools, and more...". Below this text are six featured actions, each with an icon and a brief description: 1. "Get a Web address" (globe icon): "Get a domain name (like www.adventure-works.com) that reflects the name of your business". 2. "Create a business Web site" (computer icon): "Quickly build your Web site with ready-to-use templates and simple yet powerful Site Designer". 3. "Promote your business" (megaphone icon): "Advertise in search engines, send e-mail marketing campaigns, and more...". 4. "Set up your Microsoft Office Live Mail" (envelope icon): "Learn how to set up your Inbox, create accounts, and synchronize with Microsoft Office Outlook". 5. "Collaborate with customers and coworkers" (people icon): "Manage your business and share information with online workspaces, Contact Manager, Project Manager, and more...". 6. "Sell online" (shopping cart icon): "Set up an online store on your own site and on eBay". At the bottom right of the main content area, there is a "Hide Getting Started" link.

Create documents, spreadsheets and presentations online

1 of 6

Create basic documents from scratch.

You can easily do all the basics, including making bulleted lists, sorting by columns, adding tables, images, comments, formulas, changing fonts and more. And it's free.

Upload your existing files.

Google Docs accepts most popular file formats, including DOC, XLS, ODT, ODS, RTF, CSV, PPT, etc. So go ahead and upload your existing files.

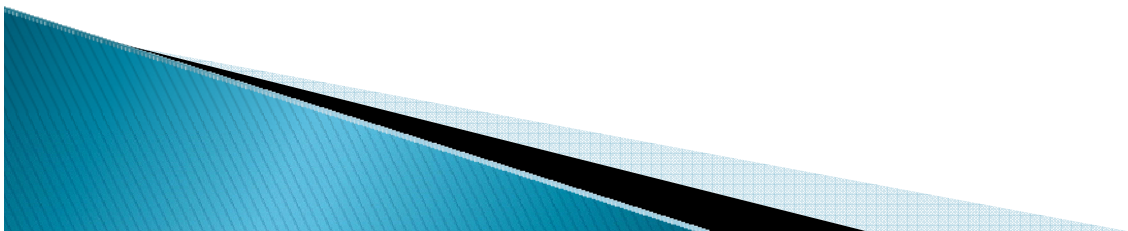

Familiar desktop feel makes editing a breeze.

Just click the toolbar buttons to bold, underline, indent, change font or number format, change cell background color and so on.

Start now

- ▶ Docs: Each doc can have a maximum size of 500K, plus up to 2MB per embedded image.
- ▶ Spreadsheets: Each can be up to 10,000 rows, 256 columns, 100,000 cells, or 40 sheets-- whichever is reached first.
- ▶ Presentations: Files in .ppt and .pps formats can have a maximum size of 10MB; files uploaded from the Web can be up to 2MB; emailed files can be up to 500K.

Google Sites

Google Sites overview

Google Sites is the easiest way to make information accessible to people who need quick, up-to-date access. People can work together on a Site to add file attachments, information from other Google applications (like Google Docs, Google Calendar, YouTube and Picasa), and new free-form content. Creating a site together is as easy as editing a document, and you always control who has access, whether it's just yourself, your team, or your whole organization. You can even publish Sites to the world. The Google Sites web application is accessible from any internet connected computer.

Quick facts

Single-click page creation

Creating a new page for your Google Site just takes the click of a button.

No HTML required

Creating a Google Site is as easy as editing a document, which means there's no markup language for you to learn -- just get started.

Make it your own

Our customization options let you give your Google Site your own look and feel.

Get started with templates

We offer a growing list of page types (web page, announcements, file cabinet) to help you get started with your Google Sites pages.

Upload files and attachments

Use the file cabinet to upload files up to 10MB in size. Each Google Apps account receives at least 10GB of storage in Google Sites. Google Apps Premier and Education editions get an additional 500MB for each user account.

Embed rich content

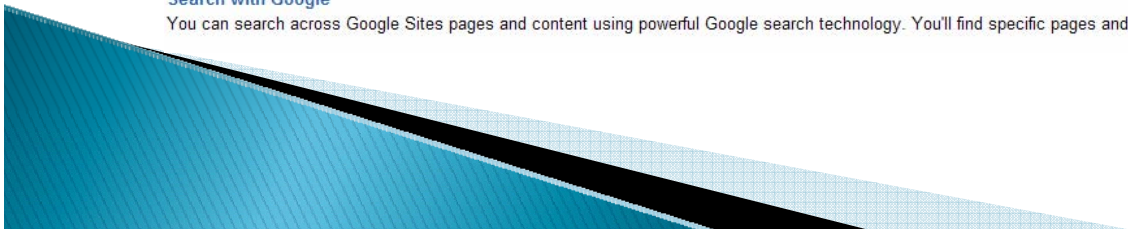

Google Sites is integrated with other Google products, so you can insert videos, docs, spreadsheets, presentations, photo slide shows, and calendars directly onto your Google Sites pages.

Work together and share

Our permission settings let you designate owners, viewers and collaborators (meaning they can edit pages) for your site. And you can make your Google Sites available to just a few people, your entire organization, or the world.

Search with Google

You can search across Google Sites pages and content using powerful Google search technology. You'll find specific pages and documents instantly, the same way you would on Google.com.

Live SkyDrive

Password-protected online file storage. Always available where you need it.

Store files for yourself

Using multiple computers? No problem. Store and access your personal files from anywhere online.

Share files with friends

Sharing with friends, co-workers, or family is easy when you all add and update files in a shared folder.

Share files with the world

Some ideas are too good to keep to yourself. Share them in a public folder that only you can update.

Evernote

The screenshot shows the Evernote application window titled "All Notebooks - andrew - Evernote". The interface includes a menu bar (Account, Note, Edit, View, Tools, Help), a toolbar with icons for New Note, Synchronize, All Notes, Email, Print, Tag, and Delete, and a search bar containing the text "recognize".

On the left, a sidebar shows a tree view of notebooks under "andrew's notebook", including "books (3)", "music (17)", and "stuff (1 of 21)". Below this are sections for "Attributes" and "Saved Searches".

The main content area displays a list of notes with columns for "Creation Date", "Title", and "Tags". The notes listed are:

Creation Date	Title	Tags
2/1/2008 5:31 PM	whiteboard	stuff
2/1/2008 6:01 PM	whiteboard	
2/15/2008 5:09 PM	Welcome Note	

Below the list is a preview of a note containing a whiteboard image. The image has the handwritten text "Evernote can even recognize handwriting within images!!" with the word "recognize" highlighted in yellow. A "Time Band" on the right side of the image shows a calendar view for February 2008, with the date 2/15/2008 highlighted.

Four callout boxes provide additional information:

- Find anything, even text within images. Results are highlighted below.** (Points to the search bar and the highlighted word in the image.)
- Organize your notes in separate notebooks. View notes by notebook or all at once.** (Points to the notebook sidebar.)
- Automatically filter notes by using Saved Search.** (Points to the "Saved Searches" section in the sidebar.)
- The Time Band shows note activity around specific dates.** (Points to the Time Band calendar.)

At the bottom of the window, it says "Notes selected: 1 of 3" and "Synchronization complete".

MS Onenote

The screenshot displays the Microsoft Office OneNote interface, specifically the 'Side Note' feature. The window title is 'Side Note - Microsoft Office OneNote'. The ribbon includes 'File', 'Edit', 'View', 'Insert', 'Format', 'Share', 'Tools', 'Table', 'Window', and 'Help'. The main content area is titled 'Side Note' and contains the following text:

You can use Side Note feature in OneNote when you are mainly working in a different program but want to capture your thoughts or copy some information into OneNote. You can select and drag text or images into a Side Note from other programs. Side Notes are great for:

- Collecting information while browsing the Web
- Making quick notes (like small sticky notes) when you are on the phone, or someone stops by to talk about an issue.
- Writing down your thoughts while reading a document, Web page, or an e-mail message
- Copying reference data into OneNote while looking through presentation slides

To create a Side Note:

- Press Windows logo key + N while in any program
- or click the OneNote icon in the Windows taskbar

The screenshot includes a diagram showing a Windows taskbar with the OneNote icon highlighted. A red box highlights the OneNote icon, and a red arrow points to it. Below the diagram, a screenshot of a Windows desktop shows a Side Note window floating over a browser window. The Side Note window contains the text: 'Here I AM!!! I should ask about next month's salary when I see...'

Side Notes are added as pages to the Unified Notes section at the bottom of the notebook navigation bar.

Visit the [Office Online Help topic article most relevant to this OneNote feature](#). Our site is frequently updated based on user feedback, so keep checking back!

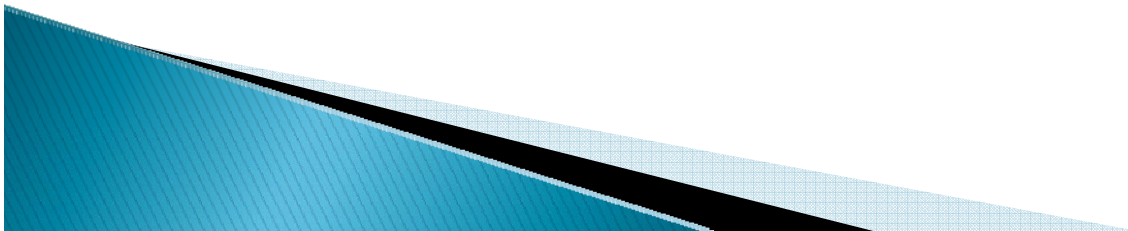

The right-hand side of the interface features a 'Search All Notebooks' search bar and a 'New Page' dropdown menu. Below the menu is a list of navigation options:

- What else can I do with
- Research on the Web
- Text recognition in pictu
- Live sharing session
- Side Note
- Multiple computer supp
- OneNote Mobile
- Drag and drop
- Hyperlinks
